9-08.02-20 [Temporary Use of Travel Trailer as a Dwelling or Business]

Temporarily inhabiting a travel trailer, camper or utility trailer as a dwelling, except where otherwise approved, or using a travel trailer to conduct business within the City of Vernonia is prohibited unless the occupant first obtains a permit from the city. The occupant of the travel trailer shall make application for the permit to the City Recorder and pay an application fee based on the City Fee Schedule for either a residential or business use. A public hearing is not required but final approval must be obtained from the City Council.

Exemptions. Temporarily using a RV for occasional use such as for cooking, storage, play and work purposes typically occurring during daytime hours and not normally involving overnight accommodations does not require a city permit.

9-08.02-30 [Use Permit Application]

The application shall be in writing and shall set forth the proposed location of the travel trailer, the provisions for sanitary facilities if necessary, the period of time for which the

permit is sought, and the location for which application is being made to use a travel trailer instead of a more permanent structure.

9-08.02-40 [City Council Approval]

The City Council may consider information provided in the application and from any other source. If the Council is satisfied that the use of the travel trailer is not likely to become a public nuisance or be dangerous to public health or safety, it may grant the application. If a time limit is established by the City Council the applicant may subsequently request City Council approval for an extension of time to use the RV as a dwelling or a business. In addition, any such permit issued may be revoked on twenty-four (24) hours' notice if the building official, after inspecting the travel trailer, determines that it is lacking in proper sanitary facilities, or is dangerous to public health and safety, or is a public nuisance because of its condition, location or use.
